Detail-oriented digital marketing professional with hands-on experience in Google Ads, Meta Ads, SEO, and website optimization — paired with full-stack development across React, Next.js, and WordPress. Work spans paid campaign execution, keyword research, CPC/CTR optimization, and analytics tracking (GA4, Search Console), plus building and shipping production websites end to end. Currently sharpening ROI, brand awareness, and Amazon PPC skills alongside 3D web (Three.js) and AI-assisted workflows.

EXPERIENCE

Digital Marketing Executive — Muqem & Brothers

Feb 2024 – Feb 2025 · Noida

Export business — ran Google Ads, Meta Ads, and SEO across four websites as one coordinated growth engine.

- Optimized Google Ads search campaigns for lead generation: keyword research, ad copywriting, bid optimization, and negative keyword techniques to cut CPC.
- Search campaigns: 4.44K clicks / 58.4K impressions at ₹37.67 CPC, and 2.16K clicks / 27.5K impressions at ₹18.71 CPC.
- Video campaign: 1.94M impressions, 73.5K views. Meta campaign: 74K reach, 266 landing page views at ₹2.62 each.
- Monitored CTR, CPC, impressions, and conversions in Google Analytics; ran SEO and competitor analysis across competitive export/B2B keywords.

Freelance Digital Marketer & Web Developer

2024 – Present · Delhi

- Direct client projects end to end — SEO, ad campaigns, and website builds (WordPress, React, Shopify, Google Sites).
- Meta Ads brand-awareness and lead campaign: 120K reach, 210 leads at ₹110 CPA.

PROJECTS

- JurisRoots — legal services portal (Founder).** Built twice: first in React + FastAPI + MongoDB with JWT auth, admin dashboard, and role-based access; then a WordPress production version for content and SEO scalability.
